

EARTH DAY 2005

Westwind Barn's 2005 Earth Day Celebration brought out a record number of environmental enthusiasts on April 24. Approximately 500 people attended the event held at the Westwind Barn. Exhibitors and attendees were all united in their interest of raising support and awareness for policies and practices to protect the planet. Los Altos Hills has boosted its earth-friendly efforts as the state continues its efforts toward environment sustainability. The Earth Day event featured over 36 organizations, in addition to local winemakers who shared their wines with attendees and the presentation of two educational shows from Leopards, Etc. Congratulations to the Friends of Westwind and especially board member Nancy Couperus for providing the leadership in the successful effort.

RESIDENT PROFILE

Iraq Is Not So Far Away

While the war in Iraq seems far removed from Los Altos Hills, one young man from Los Altos Hills is heroically serving our nation. Local resident, Specialist Bobby Magami, currently serves in the Army National Guard in Baghdad at Camp Prosperity. He is stationed at one of the checkpoints to Baghdad - carrying out his duty to ensure the safety of the city.

Bobby, who resides on Olive Tree Lane in Los Altos Hills, is 25 years old and the son of Maryam Kellar.

Bobby graduated from Gunn High School in Palo Alto, where he was passionate about an Army career - since he was 4 yrs old he wanted to be in the Army. As soon as he graduated, he joined the Army and spent 2 years in Fort Benning, Georgia and Fort Riley, Kansas, and served in Kuwait. His rank is Specialist in United States Army.

Friends describe him as very ethical and honest. During his high school years he helped feed disabled students during his lunch hours!

He is single and has a wonderful girlfriend, Crystle Borrego who is employed in Los Altos.

His mother Maryam states, "Not a day goes by that I do not worry about his safety. If there are others in the community who have loved ones serving, we should join in support of all of them. They appreciate receiving messages of encouragement from home."

Should residents want to send a message to Bobby, please direct it through his mother's email address (for security reasons): mkellar@apr.com
